

# International Casting Sourcing Fair 2010

**Date:** May 11-13, 2010

**Venue:** New China International Center  
(Shunyi), Beijing, China

**Organizer:** China Foundry Association

China is the big foundry country of the world and its output of castings occupies 1/3 in the world. China Foundry Association has 1,869 members, whose castings output accounts for 72% of the total output of castings in China. With the progress of global economy, international foundry purchasing activities are on the rise. International Casting Sourcing Fair 2010 is held by China Foundry Association every year and attracts a great number of CEOs from foundries at home and abroad to register for this fair. In addition, It will be concurrently held with the exhibition—Metal China 2010 and Casting China International 2010. You can also visit the grand exhibition freely. We will provide numerous suppliers' information for buyers to find superior suppliers. It is a unique opportunity for overseas purchasers to find the best business partner and see the latest industry development in China. China International Casting Sourcing Fair 2009 had been successfully held in Shanghai and had attracted 47 buyers and 240 suppliers at home and abroad. For more detailed information, please refer to <http://www.foundry-china.com/>.
